Configuration Menu

Using the Sena Device Manager

Connect the headset to your computer via a USB cable. Launch the Sena Device Manager and click **DEVICE SETTING** to configure the headset settings. For more information on downloading the Sena Device Manager, please visit **www.sena.com**.

Using the Sena Smartphone App

1. On your smartphone, download the **Sena Smartphone App** for Android (Google Play) or iPhone (App Store). Please refer to www.sena.com/headset-app/ for more details.
2. Pair your smartphone with the headset.
3. Run the **Sena Smartphone App**. Swipe the screen to the right and tap **SETTING** to configure the headset settings.

Troubleshooting

Factory Reset

If you want to restore the **X-COM2** to factory default settings, use the **Factory Reset** in the configuration menu. The headset automatically restores the default settings and turns off.

Fault Reset

If the **X-COM2** is not working properly for any reason, reset by gently pushing the pin-hole reset button located next to the Micro USB Power Charging & Firmware Upgrade Port.
